

Nordic Steel Construction Conference 2019

18-20 September 2019 in Copenhagen

The Technical University of Denmark (DTU) and the Danish Steel Institute (DSI) have the pleasure of inviting you to brand your company through sponsorship and exhibition at the Nordic Steel Construction Conference 2019. This conference with 50 years of proud traditions started in Stockholm in 1970. Since then, the conference has circulated between the four Nordic Countries.

The organizing committee welcome you to consider some of the many sponsorship possibilities offered and outlined in this brochure. Please contact us with you proposals, wishes and special requests.

We are open to new ideas and suggestions.

Sponsorship & Exhibition

The Nordic Steel Construction Conference 2019 provides your business with unique marketing possibilities through the Nordic Steel 2019 website, emails, newsletters, invitations, brochures, banners and merchandise before and during the conference.

The typical visitors will be steel researchers, PhD-students, engineers and designers as well as architects. Furthermore, there will also be participants from the steel industry and suppliers to the steel industry.

This conference offers an important platform to present and discuss a wide range of topics related to a great variety of research, design and construction activities.

We challenge you and all our sponsors to bring your latest innovations and visions, to present them at the conference and show it at a stand in the exhibition area. The exhibition area will be in the same place or in the vicinity of coffee and lunch breaks.
